Exploring ISEP's Networks

Volunteering with ISEP

You can volunteer across a wide range of networks:

1. Global Networks
2. Policy and Practice Networks
3. Futures Network
4. Fellows Network
5. Diverse Sustainability Initiative (DSI)

ISEP Global Networks

The Global Networks spearhead ISEP's voice and member engagement worldwide, advocating for the efforts of local members. As the representatives of ISEP, these networks:

1. Organise events, workshops, and seminars that spotlight the latest trends and challenges in sustainability and the environmental sector.
2. Foster valuable connections among industry experts.

Policy and Practice Networks

1. Biodiversity and natural capital
2. Circular economy
3. Climate change mitigation and adaptation
4. Environmental management
5. Impact assessment
6. Social sustainability
7. Sustainable finance

Futures Network

A community within ISEP for students, graduates and early-career professionals.

1. Expand your knowledge by attending our events and webinars
2. Meet and connect with likeminded members
3. Stay up-to-date with news and developments through our newsletter

DSI Network

The Diverse Sustainability Initiative (DSI) is a collaborative programme of work with the vision to transform diversity within the sustainability profession and wider environment sector.

1. People of Colour
2. LGBTQIA+

Fellows Network

1. Our Fellows shape the Institute's contributions to influential discussions and deliver widespread action on delivering ISEP's vision.
2. The Fellows Network represents ISEP's highest membership level. Fellows demonstrate their competence at the pinnacle of our profession and the Network helps to expertise and insights across the Fellowship.

Q&A

Networking – Breakout rooms

24 ways to make the most of your ISEP membership

1. Small, consistent actions create long-term professional impact
2. Check out the article today and schedule some of these activities into your calendar over the next few weeks
